### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

There was no prior art found by the examiner that suggested modification or combination with the cited art so as to satisfy the combination of all the limitations in claims 1 and 2.

As to claim 1, see the reason in the previous Office Action.

As to claim 2, the prior art of record, taken alone or in combination, fails to disclose or render limitations **"generating a Gaussian beam by transmitting light to a convex surface of the lensed fiber to focus the Gaussian beam", "receiving the Gaussian beam reflected from the material with the lensed fiber moving vertically with respect to the material" and "measuring the thickness of the material by calculating a difference among maximal points of the reflected Gaussian beam strength"**, in combination with the rest claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Hoa Pham whose telephone number is (703) 308-4808.
